

Mobility Trailblazers Shortcode Reference

Important: These shortcodes work independently of Elementor. When CSS v4 is enabled, they will automatically use the modern styling system.

1. Rankings Display NEW

Display candidate rankings with scores and evaluation counts.

Basic Usage:

```
[mt_rankings]
```

With Parameters:

```
[mt_rankings category="startup" limit="20" show_scores="yes" layout="table"]
```

Card Layout:

```
[mt_rankings layout="cards" limit="6" show_evaluator_count="yes"]
```

Available Parameters:

- **category** - Filter by category slug (e.g., "startup", "corporate")
- **year** - Year to display (default: current year)
- **limit** - Number of candidates to show (default: 10)
- **show_scores** - Display scores: "yes" or "no" (default: "yes")
- **show_evaluator_count** - Show evaluation count: "yes" or "no" (default: "yes")
- **layout** - Display layout: "table" or "cards" (default: "table")

2. Candidates Grid UPDATED

Display candidates in a responsive grid layout.

Basic Usage:

```
[mt_candidates_grid]
```

Filtered by Category:

```
[mt_candidates_grid category="innovation" columns="3" limit="9"]
```

Available Parameters:

- **category** - Filter by category slug
- **columns** - Number of columns: 2, 3, or 4 (default: 3)
- **limit** - Number of candidates to show (default: -1 for all)
- **orderby** - Sort field: "title", "date", "random" (default: "title")
- **order** - Sort order: "ASC" or "DESC" (default: "ASC")
- **show_bio** - Show excerpt: "yes" or "no" (default: "yes")
- **show_category** - Show category tags: "yes" or "no" (default: "yes")

3. Jury Dashboard UPDATED

Display the jury member dashboard (requires login with jury permissions).

Usage:

```
[mt_jury_dashboard]
```

Note: This shortcode has no parameters. It displays a personalized dashboard for logged-in jury members.

4. Winners Display UPDATED

Display award winners with medal highlighting.

Basic Usage:

```
[mt_winners_display]
```

With Scores:

```
[mt_winners_display year="2025" limit="3" show_scores="yes"]
```

Available Parameters:

- **category** - Filter by category slug
- **year** - Award year (default: current year)
- **limit** - Number of winners to show (default: 3)
- **show_scores** - Display scores: "yes" or "no" (default: "no")

5. Evaluation Statistics EXISTING

Display evaluation statistics (requires admin permissions).

Summary View:

```
[mt_evaluation_stats type="summary"]
```

By Category:

```
[mt_evaluation_stats type="by-category" show_chart="yes"]
```

Available Parameters:

- **type** - Stats type: "summary", "by-category", "by-jury" (default: "summary")
- **show_chart** - Display charts: "yes" or "no" (default: "yes")

CSS v4 Integration: All shortcodes automatically detect if CSS v4 is enabled and will use the modern styling system. The shortcodes are wrapped in semantic containers with BEM class naming (.mt-* prefix).

Example Page Layouts

Awards Ceremony Page

```
[mt_winners_display limit="3" show_scores="yes"] [mt_rankings limit="10" layout="table"]
```

Candidates Overview Page

```
[mt_candidates_grid columns="3" limit="12" orderby="random"] [mt_rankings layout="cards" limit="6"]
```

Jury Portal Page

```
[mt_jury_dashboard] [mt_evaluation_stats type="summary"]
```

Testing Checklist

- ☐ Test each shortcode on a WordPress page
- ☐ Verify CSS v4 styles are applied when enabled
- ☐ Check responsive behavior on mobile devices
- ☐ Test with different parameter combinations
- ☐ Verify permissions (jury dashboard, stats)
- ☐ Check that data displays correctly from database
- ☐ Test without Elementor active
- ☐ Verify BEM class structure in HTML output
